

## Said In Cypress

That we had an altogether different type of column in mind to entertain (?) you with this week. It was planned to design it in sort of diary style, beginning with mention of the eighth grade graduating exercises last Thursday night.

From there it was to take up problems and difficulties we experienced in moving our home and shop and office into the Frank Noe property across from the school house. But we didn't feel you would be interested in the obstacles we encountered in having our telephone transferred and the resulting struggle to keep our number, Anaheim 60355. We have only analysis for Manager Rossberg's office, because the district officials realized the importance to a newspaper of its telephone, and made the necessary cable extension so that our published and advertised number is still effective.

That we were going to tell you how much you, who like to trip the light fantastic, missed by not being at the Firemen's dance on Saturday night. It was a lot of fun, and the firemen also honored Leona with the title of "honorary fireman" and gave her an official badge to wear to prove it. Come around July 16, when another affair is planned. Give the boys a financial lift.

That on Sunday, after spending the day packing and moving our personal belongings from Buena Park, we were about to finish off the "day of rest" when we smacked a car at Orange-thorpe and Western — although we maintain that you can't avoid what you can't see — an old, phantom — gray mist — like apparition with no lights. Nothing was hurt but our pride. Ever since we raced Brother Merle to our "Carter car," the first the family owned, and usually won the driver's seat on account of being fourteen months older and eligible under the law to drive, have we had a spotless driving record as far as accidents are concerned.

Here again we have nothing but praise to sing. The county officer and state highway patrol were most helpful and courteous. This in spite of the fact that they were busy with numerous serious accidents and two murders that same evening.

Then on Monday morning, our birthday (oh happy day!) something prompted us to look at our driver's license. It expired June 19, which is one of the few, silver linings we've been able to find in the last few days.

That we were also going to tell you how thrilled Stan Doerr was at the Teen-entertainment dance on Saturday night to receive recognition from the young people he has worked so faithfully to serve in the past few months. A gift of a beautiful tie-clip, engraved with his name and that of the organization, was presented to him in grateful appreciation by the low-teens and high-teens. We wanted to congratulate the group and their coordinator on this splendid spirit of cooperation.

We intended to tell you how much we enjoyed the girls' softball game on Monday night, and later the benefit at the Quon-sut hut for a deserving cause, on Tuesday evening. But as we were holding lipstick in hand, ready to apply same preparatory to going to the diamond, we heard an unholy noise like trouble had come to a pack of dogs at once. No one needed to tell us that Heidi had been run over, because we knew when we saw her "Houdini" through that back fence a few minutes earlier that anything might happen, and probably would. A little circle of sympathizers stood around her apparently broken, but not lifeless body. We stepped inside the "yellow demon" and rushed her to the vet in Artesia. She has a broken leg. This on top of that fact that she was only just released from quarantine on Monday following the unfortunate incident of having nipped two small children the ten days previously, causing her mistress considerable worry and doctor bills. Charles Briner, official dog catcher for Orange county, was most helpful and solicitous. We can be proud that we have that type of officer here.

But as we started to say in the beginning — we were going to write a different sort of column, because who wants to hear about nothing but troubles?

## HELP!

Jean Kreissler, president of the auxiliary to the local VFW post, has issued a call for aid in the interests of the organization.

If housewives will save Camay wrappers, Ivory and Duz package tops, and telephone any member of the Auxiliary or Jean at Anaheim 28949, they will be called for.

Mrs. Margaret Witbeck's mother has returned to Cypress after a vacation in San Francisco.

Cypress, California, Friday, June 24, 1949

Price 5c Per Copy

## It Had Its Ups And Downs — The Cypress Chamber Did

Ed. Note — This is the second of a series of historical articles gleaned from the files of Mrs. Olive Williams. This week, Mrs. Williams tells of the troubles the chamber of commerce had in its keeping alive through the years.

**First Meeting in 1915**  
It cost twenty-five cents per month to join the first Cypress chamber of commerce, organized on March 15, 1915. Later, however, this fee was reduced to one dollar per year.

The purpose was put forth for the organization in 1915 was "for the advancement and protection of the community at large." The first board of directors were H. E. Lucas, M. C. Chase, C. L. Damron, George B. Miller, C. S. Cox, Harry Covall and Hugh La Rue.

They operated for two years, one of their main moves being to join the Associated chambers of commerce. The last recorded minutes of this group was April 17, 1917.

**Next Effort Lasts 7 Years**  
It took the depression in 1931 to kill the interest in the next revival, which lasted from 1924 to 1931 with W. C. Miller as president. It took an active part in community social life and played an active part in civic welfare.

Again in 1934, the need of a chamber was felt, but it was only a brief trial. The question of bonding the district for a new school caused dissension among the members and the organization once more ended.

**Small Groups Band Together**  
In 1939, the need for flood control and police protection faced the citizens of west Orange county. As individual groups, they could do nothing, so under the leadership of H. Crowfoot, the West Orange county chamber of commerce was formed at Los Alamitos. At the invitation by this group to join, Cypress once more became chamber-minded. Otho Switzer was elected president of the Cypress group, but when president Crowfoot of the county organization moved away, his enthusiasm was missed and the effort died out without accomplishing anything.

**Old Problems Still Alive**  
In those days, the local citizens were faced with the same problems that are evident today in many respects. For instance, in 1915, G. G. Priddy gave a report on the drainage for the Cypress and Buena Park districts.

Several times in the minutes, Priddy gave reports on the new Century boulevard to parallel the PE tracks, with such assurance that "it was almost a certainty to go through." Much like the stories and rumors on the presently proposed Santa Ana freeway, the rumors of its "certainty to go through" lasted from 1915 until after 1927. After that, there is no record of its progress.

**Civic Improvements Thru Chamber**  
In spite of the many discontinuances of the chamber, it is still responsible for many of the civic improvements in Cypress — and can be for in the future. To mention only a few of the past hopes that have become realities are the establishment of the post office, widening of Lincoln avenue, curbs and sidewalks, fire chemical truck, lowering of water rates, police patrol and street signs.

**DANCE! SATURDAY NIGHT**  
A dance will be held at the Laurel school, June 25, 8:00 to 12:00 p.m. It will be sponsored by the Alamo Property Owners' association, and the proceeds will be split by the Los Alamitos Community Building, Alamo Recreation Area. For only a dollar per couple, you can dance all evening.

**ST. PIUS CHURCH PLANS BOX SOCIAL**  
A box social, sponsored by the Catholic church of St. Pius V, will be held this Saturday, June 25, at the home of Mr. and Mrs. Frank O'Brien, 8202 East Holt street.

Punch and coffee will be provided.

**LIFT BAN ON SALE OF FIREWORKS**  
An emergency ordinance passed this week by the Orange County Board of Supervisors lifted the wartime ban against the sale of fireworks. Fireworks of the "non-dangerous" variety will be permitted this year for the first time since 1943. State Forest Ranger Joe Scherman of Orange headquarters of the State Division of Forestry will have charge of issuing all permits.

Members of the VFW Post No. 9847 in Cypress are announcing sale of fireworks at their meeting hall at the corner of Miller road and Lincoln avenue. They have received their county permit and will welcome all purchasers.

## GUESTS GREETED WITH "BIRD CALL" AT PYRAMID INN

"Mollie the Myna" the talking myna bird from South Africa is one of the features Mr. and Mrs. Harry Daggett have added to their new restaurant, the Pyramid Inn, located on highway 101 and Imperial, north of Fullerton.

The Daggetts also have on display a cheetah, the hunting leopard from India. In its home country, the cheetah is tamed and used for hunting game for its master. Right now, the leopard is busy raising a borrowed litter of baby kittens. She is completely tame, her owners think, and perfectly reliable. (Her cage is only to protect her from the guests.)

Mollie the Myna is really quite educated. She greets customers with talk and imitations — and girls in shorts invariably bring on a long whistle. The Pyramid Inn features pheasant, duck, quab and chicken dinners. The Daggetts raise their own pheasants.

## Devilettes Win One 12-4; Lose Forfeit

The Cypress girls upheld their name of Devilettes Tuesday night on the Elementary school diamond when they squelched the Orange Lionettes, Jr., 12 to 4.

Jerry Herrera was the big gun as far as scoring goes, as she personally accounted for three runs. Pitcher Bin Young and Carolyn Head scored twice apiece and accounting for single scores were Maggie Young, Nelda Wright, Darlene Greenway, DeLores Cardin and Catalina Boeckler.

**Greenway Almost Homers**  
The crowd got a thrill in the second inning when Darlene Greenway hit the longest poke of the game. It was a long fly between center and left field and looked like a sure homer. Darlene slipped as she stepped on second base and took a nasty fall. Nelda Wright took her place as base runner.

After the first inning ended in a 1-1 tie, the Devilettes took command. They scored five runs in the second for a 6 to 3 lead after Orange brought in two that inning. Cypress added three more in the fourth and sixth, while the Lionettes could get only one in the fourth.

Earlier in the week, the Devilettes dropped a game to Hawaiian Gardens by forfeit. Cypress failed to have all their players there at game time.

## LYNN LYEN DANCES IN MARTIN RECITAL

When the Richards Martin School of the Dance in Anaheim gave its annual benefit for the child welfare and dental program in the high school Wednesday evening, Lynn Lyen participated in two numbers. One, an artists' interpretive skit called "Flirtation" was especially effective. The other was in blackface.

Lynn's mother, Mrs. Madge Lyen, states that Mrs. Lenoir Martin has presented this benefit for the fourteenth year. It is estimated that a sum of \$80,000 has been added to the fund through her efforts. Mothers and pupils received nothing for the costumes or time consumed in practice. All is for charity.

## WRIGHT STANDS FOURTH IN B. P. WOLVES HITTING

Figures released recently by the Buena Park Wolves softball team shows that Jimmy Wright, first baseman on the Cypress Merchants, is hitting .250 with their team.

Wright plays for the Wolves in the Fullerton city league on nights that the Merchants don't play.

## Breakfast Club Will Continue; Meets July 19

It was voted by members of the breakfast club present at their first meeting since last year, to continue the idea.

The meeting was held Tuesday morning at seven at Ernie's Drive-In. The next meeting will be held July 19 to decide definitely when the meetings should be held, and what to do with the fund of \$5.36 that has been held over since the last time the club met. Officers will also be elected.

**Ideas Are Presented**  
Most of the morning's discussions was taken up with ideas as to when it might be best to hold the meetings. The conflicting problem behind the club is that it interferes with the attendance of the Chamber meetings. It is felt that the need for both groups is great, in that the Chamber's duty is to promote the town as a whole, while the Businessmen's breakfast club is only for problems directly concerning the merchants.

## LOCAL BOY SCOUTS ON OVERNIGHT TRIP

Boys going on the overnight hike Saturday and Sunday are asked to meet at the schoolhouse at noon Saturday, and bring all camping equipment.

Scoutmaster Jack Kepner will supervise the trip, and a chartered bus from the Santa Ana Post No. 1680 of the VFW has been procured, to take the load of scouts to Trabuco canyon. It is possible that assistant scoutmaster Luty will join the group later Saturday evening.

Scouts who have signified their intentions of making this trip are Ross Master, Kenneth Laird, Wayne Martin, Clayton Leffler, Richard Kaulen and Ronald Garrison. The cost of the camping trip is \$1 per head.

## To Enlarge Flour Mill On Lincoln Avenue

Planning to add 50 barrels per day production at Bob's Flour Mill, R. A. Meils has this week been making necessary plans for the additional buildings required.

Returning with a truck of flour machinery weighing approximately six tons, Robert Meils brought the load overland from Cornell, Illinois. Accompanying him on the trip east and back was his wife and two children, Amy and "Butch." The family was gone about a month and visited relatives, among them her parents.

## MERCHANTS NIP DOWNY TEAM

Coming from behind in two big innings, the Cypress Merchants kept their winning streak alive by defeating the All-American Market from Downey 6 to 5 last week.

Downey apparently had the game all sewed up when it was half over as they held a 5-0 lead going into the fourth. But the local outfit pushed in three counters and the inning ended at 5-3.

Again in the sixth, Cypress took two men on base and Eddie Arbeso took up the role of 'hero.' He hit a single that brought in two runs then came in himself. Those three markers put the locals ahead 6 to 5, the final score.

Jimmie Wright started on the mound for Cypress, but the victory was credited to his relief, Jimmie Hefron, who took over when Wright left the contest in the fifth.

It was not a league game.

## Devilettes Play Two Home Games During Next Week

The Cypress Devilettes will play two games on the home diamond this week at the Elementary school.

They meet one of their toughest opponents in the first contest, the Tomboys from ElModena. In their last encounter, one in which some of the key Cypress players were not participating, the Tomboys ran away with the game 27 to 2. This time, the Devilettes hope to make more of a contest of it. The game will be Tuesday at 7:30 p.m.

In the second game which will be played Thursday at 7:30 p.m. here, the opponent will be a team which the locals have beaten earlier. In the previous game, Cypress won 13 to 9. The visitors will be Corona.

## LOW - TEEN PARTIES OUTSIDE AT SCHOOL

The boys and girls in the low-teen group will continue their career activities this summer. It is expected that they will hold their Friday evening meetings on the strip or asphalt paving outside the school house. Renovating on the interior part of the building has already begun.

Students who will be members of the seventh grade this fall are now eligible to low-teens it was disclosed this week. The by-laws include this provision.

## KREISSLER ATTENDS SACRAMENTO MEETS

A man of many interests, H. J. "Happy" Kreissler, is spending the next two weeks in Sacramento. This week he is attending the poultry nutrition and dairy chick association conference.

In his capacity as field serviceman for a feed company, this is part of his routine work. Next week he will remain in Sacramento to attend the state department meeting of the California veterans of a foreign wars, using vacation time to accomplish this. Kreissler is post commander of the VFW here.

## FAITH RABBIT FARM GOES TO H. KING

Howard King, 10961 South Western avenue, in Stanton, has purchased the business and stock of Faith Rabbit Farm, and is leasing the place. He has acquired the business interests only, and has employed James A. Gilmore as overseer.

King has a 400 doe rabbitry at his home farm, and expects to increase the Cypress farm to at least 600 does.

Besides his interest in raising rabbits for commercial production, he is also rabbit feed supervisor for Star Milling company in Orange and Los Angeles counties.

## MRS. JERRY BRETHEN GIVES STORK SHOWER

Many lovely gifts were received by Mrs. Jerry Englestad Friday afternoon at the stork shower given by Mrs. Jerry Brethen for her neighbor.

At appropriate games played during the afternoon, Mrs. Wanda Vaughn won first prize and Mrs. Freda Flemming consolation.

Present to enjoy the affair and refreshments, besides those already named, were the Mmes. Adelia Morgan, Pat Stuenenberg, Robert Hoyt, Pat Hall and daughter. Mrs. Chisholm sent a gift but was unable to be present.

Mr. and Mrs. Harry Henry's friends and neighbors on south Walker street are wishing for them many more happy wedding anniversaries. They celebrated their fourth last week.

## Travelogue

by James C. Duncan

(Ed. note: This is the second in a series. Readers will recall that last week's episode was ended as the ship was about to leave San Francisco.)

"All ashore that's going ashore, all ashore that's going ashore," the loud speaker rasped. Already company officials, merchants, peddlers, and friends were going down the gangplank. Fifteen minutes later, the aft lines were being hauled aboard and the fantail was slowly inching away from the dock.

It wasn't too long before the S. S. Mount Davis slowly began to slide through the quiet water of San Francisco bay, shattering the harbor stillness with powerful blasts of her whistle at intervals warning smaller craft that she wanted clearance of the channel.

On the fantail, Lenny and I leaned on a rail watching the piers slip by us in the distance and the seagulls circling overhead as if they were escorting us out of the bay. Darkness was settling around rapidly and an hour later we were well out to sea.

Among the fifty-three men who made up the crew of the Mount Davis, there is a purser who not only handles the money and makes up the cargo manifests, but he is also the ship's doctor. Aside from giving pills for headaches and colds, he also bandages mashed fingers, cuts, and burns. This is usually a purser has to worry about during a trip, but in case of an emergency, he has to be able to administer aid and operate if necessary. Such was the case on our second day out.

During the morning, one of the fellows in the Black Gang came (Continued on page four)

## Monday Meeting Organizes New Boys' Club Here

A group of 20 Cypress boys met Monday night in the school auditorium and formed the nucleus of a new boys' club for the town, to be called the Cypress Boys' Club.

Although they have no chosen leaders and are working on the venture together as a group, their spokesman, Jimmy Wright, said that the main purpose of the club was to give Cypress fellows a place to spend their spare time. This will eliminate the need for roaming the town at night in search of entertainment.

**All Cypress Boys Invited**  
As soon as membership cards are printed, all Cypress boys will be invited to join and help get the club started. To get the badly needed fund to start out, it was decided to have a membership fee of two dollars per year.

The money will be used for such equipment as a pool table, ping-pong tables, magazines, gym equipment and other types of recreational facilities.

**Building Needed**  
One of the biggest problems the boys are facing, is securing a building for their club. They would like to have something large enough to house some gymnastic equipment in the corner, and still have room for their other ideas to work out.

Although most of the plans are still in the developmental stages, the members would like to get moving as soon as possible. Anyone who might know where the fellows could pick up equipment which would be suitable for the type of club to be formed, are asked to contact Jimmy Wright. Other Cypress boys interested in helping form the club, can contact Wright, too.

## BERRY FARM MAN KILLED IN AUTO CRASH

A 62-year-old blacksmith, employed at Knott's Berry Farm, was killed early Wednesday, June 15, when his car ran off Orangethorpe boulevard, east of Lily avenue, and struck a palm tree.

Investigating California Highway patrol officers said that the victim, George W. David, of Bel-flower, apparently suffered a heart attack and lost control of his car.

The automobile was completely demolished by the crash which occurred at 7:40 a.m.

Officers said that David was traveling east on Orangethorpe at the time of the accident. He was pronounced dead upon arrival at the Rancho Los Amigos hospital in Los Angeles county.

## SKY MAP TO SHOW CYPRESS AIRPARK

Production has started on the first of a series of 13 strip maps for use on Skyway One, aerial "freeway" between Los Angeles and Washington, D.D.

The Skyway idea embodies placing of ground markings as "sign posts" primarily for pilots of small personal planes to reduce the lost bearing hazard and to stimulate cross country flying.

The first map will cover a strip 80 miles wide for the 368-mile distance between Los Angeles and Phoenix. No service flight charts follow the Skyway route.

## Theatre Passes Still Awarded Free To Readers

Continuing the contest started in the ENTERPRISE last week, free passes to the Cypress Cina-Car Drive-In theatre will be awarded to careful readers of ENTERPRISE ads again this week.

Last week, Mrs. Chester Larkin, 9741 Demi, called at the Essex Variety store and the Fashion shop about four o'clock Friday afternoon and picked up four passes, which are good on any weekend at the Cina-Car theatre.

She discovered the misspelled words "spesial" and "coton" in the Fashion shop ad, and "recerds" and "Sundey" in the Essex ad.

Again this week, there will be at least two misspelled words in some of the ads in the ENTERPRISE. Readers who call at the store who sponsors the ad in PERSON, and tells them the correct words, will be entitled to two theatre passes.

There is more than one ad in which the words appear. Don't delay this week—win yourself some passes.

## ACCIDENT HOSPITALIZES TWO CYPRESS PEOPLE SUNDAY A.M.

## Cypress P. O. To Go Second Class July 1

A steady increase in postal receipts reflects the growth of this community. From a third class post office two years ago, the office will be elevated to second class beginning July 1.

Most noticeable change will be the issuance of postal notes from sums of \$1 to \$10, at smaller rates than is charged for money orders.

Mrs. Ruth Pugh, who received her official appointment as postmaster recently, reported over \$9000 in postal receipts last year.

To date no word has been received concerning a new location to adequately house the growing institution.

## Los Alamitos Post No. 716 To Get Charter

To receive its permanent charter on Sunday, the Los Alamitos Post No. 716 of the American Legion is planning for an elaborate dedication and presentation ceremony on the Laurel elementary school grounds.

Highlighting the affair will be important officers of the 21st district who will present the charter in services beginning at one p.m. It is planned to also have a full afternoon of entertainment.

From noon until two p.m. the members of the auxiliary will serve a roast beef luncheon. Tickets may be purchased at the time of serving.

When the colors are presented, flags valued at almost \$400 will be used, property of the post. Also to be used is a gift to the post for the color bearer. Fashioned from leather used in fancy leather work, the numbers of the post are beautifully hand carved with a large buckle of burnished brass.

## J. E. SMITH'S SON ON NAVY CRUISE VISITS ITALY

Robert N. Norton, boilerman, first class, son of Mr. and Mrs. J. E. Smith of 5701 Vonnie lane, has been on a ten-day visit to Naples, Italy, as a crew member of the aircraft carrier USS Coral Sea enabling him to relax after intensive training with the Sixth Task fleet in the Mediterranean.

Visits to Rome plus tours of nearby Pompeii and the Isle of Capri were on the liberty schedule.

## Huge Variety of Prizes Available to Cypress Boys, Girls; Easy to Win

Cypress boys and girls can win anything from an Admiral 5-tube portable radio to a baseball cap by merely calling on their friends and neighbors during the next few days.

Due to the tremendous influx of new Cypress residents since the last subscription drive was held the ENTERPRISE is instituting a new campaign.

By arrangement with the Cypress hardware and Henry's drug store, many attractive prizes have been selected which can be won by turning in one-year subscriptions.

Among the premiums offered

## NEIGHBORS HELP YOUNG DAUGHTERS

With the help of neighbors, the four young daughters of Mr. and Mrs. Arnold Anderson, 9311 So. Walker, are doing a fine job of taking care of themselves for a few days while their parents recover from an auto accident last Sunday morning.

The Andersons were returning from their place of work at a dairy in Bellflower early Sunday morning. At the corner of Artesia and Pioneer, the Anderson car was involved in a collision and Anderson suffered several broken ribs. Mrs. Anderson received cuts on her head and face.

**Mrs. Anderson Home Soon**  
Anderson will be hospitalized for an indefinite period, but the eldest daughter, 13-year-old Bernice, was told that her mother would be home sometime this week.

While their parents are in the hospital, friends and neighbors of the Andersons are coming to the aid of the daughters. The John Ogle family, 9321 South Walker, takes the girls to town to get groceries, and also helps them feed their two to three hundred chickens when help is needed. However, Bernice and Beatrice, her 11-year-old sister, are quite efficient and take care of their two sisters, Zelda, 11, and Joyce, 2, and the house without needing much outside help.

The Anderson car was completely demolished.

## Bride's Shower - V. Fitzgerald

The honoree of a recent bridal shower held in the home of Mrs. Lura Christensen, was Miss Vicki Fitzgerald of Los Alamitos. The lovely fiancée of Pvt. Bill McGinnis, USMC, greeted each of her guests as they entered her aunt's home.

Mrs. Christensen served coffee and Boston cream pie. Included in the group were Mrs. Marybelle David, Miss Audrey Borley, Mrs. Enola Chamberlain, Anita Kennedy, Nancy Kiehm, Minnie Lou Carles, Mrs. Alice Pattyn, Miss Lucille Milner, Miss Lois Brownlee, Mrs. Nick Lief, and Marine Privates Bill McGinnis and Kenneth Parker.

Miss Fitzgerald and Pvt. McGinnis will be united in marriage Saturday afternoon, June 25 at three p.m., at St. Isadore's church. A reception will follow later in the evening in the home of Mrs. Nick Lief, 4101 Howard, commencing at 7:30 o'clock.

## CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

SUNDAY—JUNE 26

Church Services—All Churches.

MONDAY—JUNE 27

## SALESMEN AGAIN!

Housewives in this area, who are harassed by daily door-to-door canvassers, may be interested in the following release.

"Magazine salesmen who represent their products as 'benefiting disabled veterans in their rehabilitation' are NOT sponsored by the Veterans Administration."

Manager L. C. Chapman, of the Los Angeles regional office of the V. A., issued the statement recently when complaints were received from householders that itinerant magazine salesmen claimed to be "veterans completing rehabilitation."

Bear in mind that your local businessmen's group has a plan to help you curb unwanted solicitors and peddlers here. All you have to do is ask to see the card marked "Approval" which states that the bearer of the card has been investigated and his credentials found satisfactory.

In the absence of Otho Switzer, local realtor who is ill, these cards are being issued through the Cypress Hardware.

The plan is a good one. All it needs is your help. If you do not challenge your house caller by asking to see his card of approval, there will be no need for him to secure one. Help the chamber to help you by protecting you from unscrupulous solicitors and peddlers.

## FAITH TABERNACLE WOMEN FILL BOXES FOR MISSIONS

The Woman's Missionary Society of Faith Tabernacle met Wednesday, June 15, at the home of Mrs. James Palmer, 294 La Homa street. After a devotional period of prayer and Bible study, the ladies mended clothing and cut quilt pieces, preparatory to sending a box of useable clothing to the foreign mission field as well as one to be designated for a local orphanage.

Mrs. John Stevens, who has been ill in their home at 9096 Walker street, is improved.

# ITEMS OF INTEREST

Robert Pecor, son of Mr. and Mrs. H. J. (Happy) Kreissler, 8212 south Gay street, left Wednesday for Eureka, where he will work for the government as a junior engineering aide. Pecor just finished at Fullerton junior college. He got the job through civil service examinations.

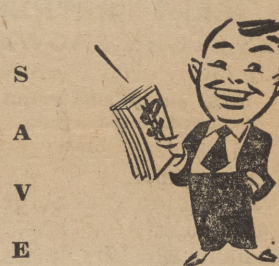

Mrs. Fred Walley went to Burbank on the train last Wednesday morning for the graduating exercises at Luther Burbank junior high school. Richard Anderson, her grandson, was a member of this year's class. Her husband, Fred Walley, drove to Burbank on Thursday evening for the return trip.

Donnie and Virginia Holt, children of Mr. and Mrs. Jack Junker, were playing a game of Blind Man's Bluff last Sunday. Leading her brother, who was "it" through the door, his fingers on one hand were all caught as the door slammed shut. No bones were broken, but considerable pain and discomfort caused some bad moments for Donnie.

"Chuck" and a group of former Fullerton junior college students attended a "Miss Junior America" pageant at Earl Carroll's last Friday night. Proceeds from the affair went to the infantile paralysis drive for funds. June Johnson, an Anaheim high school student was one of the finalists. Forty girls were chosen from the original 1300 entries.

and your temper this hot weather. Bring the whole family for a summer meal.

## TRIANGLE DRIVE INN

5620 Lincoln Avenue  
— Curb Service —

Mr. and Mrs. Carl J. Sanders, Jr., and Mr. and Mrs. James Broadbelt returned Saturday evening from a week spent in northern California. Among other places visited were June Lake, Oroville, and the northern coastal cities in California. They report that fishing was good.

Communicable diseases reported for Cypress from county health reports for the two weeks' period ending June 18 shows a drop to only one case each of chickenpox and mumps. Los Alamitos reported one case of mumps. While Buena Park had one case each of chickenpox, German measles, and mumps and three of measles.

Mr. and Mrs. Virgil Webster and family, of 5571 Camp street, are on a two weeks' vacation in the redwood country.

Clint Moore, former proprietor of the do-nut shop, and more recently a salesman for Bob's Flour mill, and his wife and two children are moving from Long Beach to a location in Montana.

Joe Ralston's brother, Vernon, and family have been visiting Mr. and Mrs. Ralston in their home at 5331 Lincoln avenue. The Vernon Ralston's are from Ogden, Utah, and have a boy and little girl.

Pat Shedore, who has been staying in the Charles Dewell home at 5631 Danny avenue, has moved into an apartment in Cypress acres.

Richard Brethren, brother of Robert Brethren, 5542 Bishop St., left Friday for his former home in Detroit, Michigan. He will visit six weeks, then head for Alaska, where he has enrolled in the University of Alaska at Fairbanks.

## CYPRESS LOCALS

Robert Burton Fogg II and his mother are both doing fine in Anaheim Community hospital. The baby, who weighed eight pounds, six and 3/4 ounces, was delivered by caesarian section operation, on his Uncle "Bill" Robin's birthday. That will be cause for a double celebration every June 16. This is the couple's first child. Maternal grandparents are Mr. and Mrs. E. L. McWilliams.

James Broadbelt and Dale Kroesen were appointed recently to represent the Cypress chamber of commerce at the regular monthly board meetings of the Associated Chambers of Orange county. The new term begins July first with installation of officers to be held on Tuesday evening, June 28, in the community center building in Santa Ana.

The First Baptist church in Cypress started its vacation Bible school for youngsters off with a bang. Several carloads of children and adults partici-

pated in a parade through the business section on Saturday morning.

Copies of the souvenir edition of the Cypress School Globe, project of the fifth and sixth grades under Mrs. Clyde Arnold's supervision, went "like hot cakes." The sponsors enjoyed a sell-out by noon.

Otho Switzer was in town for awhile one day last week. He stopped by his office, taking the typewriter back to Covina, feeling that he was strong enough to do a "little work." That's the old spirit!

Recipients of the American Legion award at the Cypress school graduation were Delores Coelho and Fred Poor. Runners-up were Anna Nose and Andrew Johnson.

Raymond Randall is recovering at home, 8331 Gay street, from a severe case of flu.

The Cypress volunteer fire department was called to quell a

grass fire on property adjacent to that on which the Dan Mackay dwellings are located.

Long Beach's municipal auditorium will be the scene Saturday and Sunday of the annual dog show. Over 2400 entries include dogs of all breeds from 48 states as well as various parts of the globe. Some from this area signified their intention of entering their pets.

The teaching staff and pastor of the Cypress Church of the Nazarene were happy to report on Wednesday that 119 children were attending the summer Bible study session.

Edwin H. Gienty, of Pittsford, Vermont, arrived Tuesday evening at Los Angeles airport for an indefinite visit with relatives. Frank Davis is his grandfather.

Billy Murdock, son of Mrs. Iona Murdock, underwent major surgery at Anaheim Community hospital on Monday morning. Both Billy and Bobby will spend most of the summer in Cypress with their mother in her home on Electric street.

## Prizes for Cypress Boys & Girls

It's EASY to win any of these prizes!  
Go into the CYPRESS HARDWARE or  
HENRY'S DRUG STORE and look at  
them. Then follow these simple rules and  
win all the prizes you want.

### Here's What You Do

1. Visit all your friends and neighbors. Ask them to subscribe for one year to the CYPRESS ENTERPRISE for \$2.00.
2. Bring the names and post office addresses of all new subscribers you get to the CYPRESS ENTERPRISE office, located across from the Elementary school on Lincoln Avenue.
3. The ENTERPRISE will give you receipts to take to the new subscribers so you can collect the money and bring it back to the ENTERPRISE office.
4. When you have enough subscriptions for the prizes you want, we will give you a slip to take to the store and you may pick up your prizes.

(Continued from Page One)  
plained of a severe pain in his  
abdomen. The purser's diagno-  
sis was appendicitis. Among the  
many ailments that might occur  
during a trip, a purser harbors a  
fear of appendicitis. Merchant  
ships are not equipped with reg-  
ular hospitals with all the surgi-  
cal instruments and equipment  
needed to perform an operation.  
There is a hospital on board, but  
it is usually used to confine men  
who have a contagious disease.

The man was put to bed in the  
hospital where he wouldn't be  
disturbed and the purser did ev-  
erything in his power to make  
the pain subside. It soon be-  
came apparent that the man  
would have to be operated on.  
The purser had performed such  
operations before but it would  
be to the man's benefit if he  
could have the operation in an  
equipped hospital.

Sparky, the ship's radio oper-  
ator, sent out a call hoping to  
contact a ship that was going to  
"Frisco. Either by good luck or  
the will of God, an Army troop  
transport was not too far away.  
They had a hospital complete  
with doctors and nurses. After  
computing positions we started  
towards them. The purser kept  
the man in ice packs and gave  
him shots to ease the pain.

About 2000 hours (8:00 p.m.)  
we met the troop ship. The sea  
was moderate with swells par-  
ading by us. The two ships came  
to a halt about 1500 yards apart.  
Floodlights were secured to the  
rails to illuminate the life boat  
that was being used to transport

the man to the troop ship.  
After everyone who had to go  
along in the life boat was in,  
the boat was lowered into the  
water and, with a roar of its  
motor it started toward the other  
ship. Soon it reached the ship  
and the man was taken aboard  
and our life boat returned. Ten  
minutes later, the troop ship  
gave three long blasts on her  
whistle, which we answered, and  
the two ships got under way  
once more.

We heard later that the oper-  
ation was a success and that the  
man was back at the Union's hir-  
ing hall waiting for a ship a  
couple of months later.

Lenny and I had watched the  
entire proceedings from the boat  
deck along with the rest of the  
crew. After our life boat was  
secured we both went to the  
crew's pantry for a bite to eat  
and then to bed.

Next week: Shanghai.
